## **DETAILED ACTION**

In response to Amendment filed November 23, 2005

## Reasons for Allowance

- 1. The following is an examiner's statement of reasons for allowance:
  - a. Claims 1 12 are allowable over the Prior Art of Record because it fails to teach or suggest a fixing apparatus comprising a first and second resonant circuits having different resonant frequencies, and the plurality of frequencies including a first frequency and a second frequency different from the first frequency; and wherein the first frequency is different from the resonance frequency of the first circuit by  $\Delta f$  in combination with the remaining limitations of the claims.
  - b. Claims 13 17 are allowable over the Prior Art of Record because it fails to teach or suggest a fixing apparatus comprising a controller having at least a) a mode wherein when a paper sheet having a width substantially equal to a width of the first coil which is measured in a longitudinal direction of the heating member is fed to the fixing apparatus, the driving circuit drives the first and second resonant circuits at the first frequency, and b) a mode wherein when a paper sheet having a width greater than the width of the first coil in the longitudinal direction of the heating member is fed to the fixing apparatus, the

driving circuits alternately uses the first and second frequencies to alternatively drive the first and second resonant circuits in combination with the remaining limitations of the claims.

- c. Claims 18 24 are allowable over the Prior Art of Record because it fails to teach or suggest a fixing apparatus comprising a first resonant circuit having a first resonant frequency; a second resonant circuit having a second resonant frequency, and a drive circuit which drives the first and second resonant circuits at a first frequency and at a second frequency different from the first frequency, wherein the first and second frequencies differ from the first and second resonance frequencies in combination with the remaining limitations of the claims.
- 2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
